The Nominal Dividend Rates and Annual Percentage Yields (APYs) are the prospective rates that GTE Financial anticipates paying for the dividend period. Please refer to our rate sheet for your prospective dividend rates.

Truth-in-Savings Disclosure

The terms applicable to your account(s) at GTE Financial are included in this Truth-in-Savings Act (TISA) Disclosure. GTE Financial may offer other terms for these accounts from time to time. Except as specifically described, the following disclosures apply to all deposit accounts.

- RATE INFORMATION.** The Annual Percentage Yield is a percentage rate that reflects the total amount of dividends to be paid on the account based on the dividend rate and frequency of compounding for an annual period. The Dividend Rate and Annual Percentage Yield on Business Share, Business Interest Checking and Business Money Market accounts may change monthly. The Dividend Rate and Annual Percentage Yield on Business Share Certificate accounts may change daily, but are locked in for the term of the account at the time of purchase. Current rates are published on our website, www.gtefinancial.org.
- NATURE OF DIVIDENDS.** Dividends are paid from current income and available earnings after required transfers to reserves at the end of the dividend period.
- DIVIDEND COMPOUNDING AND CREDITING.** The compounding and crediting frequency of dividends and dividend period applicable to each account as stated in the TISA Disclosure Chart. The Dividend Period is the period of time at the end of which an account earns dividend credit. The Dividend Period begins on the first calendar day of the period and ends on the last calendar day of the period.
- ACCRUAL OF DIVIDENDS.** For all accounts, dividends will begin to accrue on deposits on the business day you make the deposit to your account.
- BALANCE INFORMATION.** To open any account you must deposit or have on deposit at least the par value of one full share. The par value of one share is \$5.00. Some accounts may have additional minimum opening deposit requirements. The minimum opening deposit requirements applicable to each account are stated in the TISA Disclosure Chart. For all accounts, there is a minimum Daily Balance required to earn the Annual Percentage Yield disclosed for the dividend period. For accounts using the Daily Balance method as stated in the TISA Disclosure Chart, dividends are calculated by applying a daily periodic rate to the entire balance of the account each day.
- ACCOUNT TRANSACTION LIMITATIONS.** For Regular Business Share and Business Money Market accounts, no more than six (6) electronic payment transactions are allowed each calendar month. Transfers through phone and online banking systems, electronic debit transactions, transactions by personal check, and electronic overdraft payments are limited to six (6) per calendar month, after which transactions will not be completed and may be returned unpaid. After providing this notice, additional negative information may be submitted without providing another notice.

We may report information about your account to credit bureaus. Late payments, missed payments or other defaults on your account may be reflected in your credit report.

Unless the law mandates or requires otherwise, all litigation shall be brought in the appropriate Court in Hillsborough County, Florida.

Courtesy Pay Program

Courtesy Pay is not a loan, which means that GTE Financial does not engage in credit underwriting as a basis of determining your eligibility for this service. Courtesy Pay is a non-contractual service offered and provided to GTE Financial members who are in good standing and have a checking account. Checking accounts will be automatically enrolled in the Courtesy Pay Program for checks and Automatic Clearing House (ACH) transfers. You may also opt out of Courtesy Pay for checks and ACH transactions by giving us written, electronic or verbal instructions. The Courtesy Pay limit on each account is calculated using eligibility factors that are risk-based and determined by GTE Financial using internal and confidential information, including your account history. Health Savings checking Accounts (HSA) are not eligible for Courtesy Pay.

If you wish for us to authorize Courtesy Pay coverage for ATM transactions and Debit card and point-of-sale (POS) transactions, you must opt-in by stopping by one of our community financial centers or by enrolling through online banking. This authorization can be revoked at any time by giving us written, electronic or verbal instructions. We do not authorize and pay overdrafts for ATM transactions or Debit Card POS transactions unless you ask us to. GTE Financial does not include available Courtesy Pay limits in the available balance provided by a member care advocate, at the ATM or point-of-sale (POS) terminal, or through Telephone or Online Banking.

The following is important information regarding your account balance, how transactions are posted to your account, and when an overdraft or NSF fee will be charged. You should read these disclosures carefully.

YOUR CHECKING ACCOUNT BALANCE: Your checking account has two kinds of balances: the “actual” balance and the “available” balance. Both can be checked when you review your account online, at most ATMs, by phone, or at a GTE Financial Community Financial Center. It is important to understand how the two balances work so that you know how much money is in your account at any given time. This section explains actual and available balances and how they work.

Your actual balance is the amount of money that is actually in your account at any given time. It reflects transactions that have posted to your account, but not transactions that have been authorized and are pending. While the term “actual” may sound as though the number you see is an up-to-date display of what is in your account and what you can spend, that is not always the case. Any purchases, holds, fees, charges, or deposits made on your account that have not yet posted will not appear in your actual balance. For example, if you have a \$50 actual balance, but you just wrote a check for \$40, then your actual balance is \$50, which does not reflect the pending check transaction. So at that point, you actually have \$50, but you have already spent \$40.

Your available balance is the amount of money in your account that is available to you to use without incurring an overdraft or NSF fee. The available balance takes into account things like holds placed on deposits and pending transactions (such as pending debit card purchases) that the Credit Union has authorized but that have not yet posted to your account. For example, assume you have an actual balance of \$50 and an available balance of \$50. If you were to use your debit card at a restaurant to buy lunch for \$20, then that merchant could ask us to pre-authorize the payment. In that case, we will put a “hold” on your account for \$20. Your actual balance would still be \$50 because this transaction has not yet posted, but your available balance would be \$30 because you have committed to pay the restaurant \$20. When the restaurant submits the transaction for payment (which could be a few days later), we will post the transaction to your account, and your actual balance will be reduced by \$20.

Available balance is used to determine when your account is overdrawn. The following example illustrates how this works:

Again, assume your actual and available balances are both \$50, and you swipe your debit card at a restaurant for \$20. A hold is placed on your account, so your available balance is only \$30. Your actual balance is still \$50. Before the restaurant transaction is sent to us for processing, a check that you wrote for \$40 clears. Because you have only \$30 available (you have committed to pay the restaurant \$20), your account will be overdrawn by \$10, even though your actual balance is \$50. In this case, we may pay the \$40 check, but you will be charged an overdraft fee. That fee will be deducted from your account, further reducing both the actual and available balances.

It is very important to understand that you may still overdraw your account even though the available balance appears to show there are sufficient funds to cover a transaction that you want to make. This is because your available balance may not reflect all your outstanding checks and automatic bill payments that you have authorized, or other outstanding transactions that have not been paid from your account. In the example above, the outstanding check will not be reflected in your available balance until it is presented to us and paid from your account.

In addition, your available balance may not reflect all of your debit card transactions. For example, when a merchant obtains a debit card transaction authorization but then does not submit that transaction for payment within three (3) business days of authorization, we must release the authorization hold on your account. The available balance will not reflect this transaction once the hold has been released until the transaction has been received by us and paid from your account.

Giving us your consent to pay everyday debit card and ATM overdrafts may result in you incurring overdraft fees for transactions that we may otherwise be required to pay without assessing an overdraft fee. However, this would allow us to authorize transactions up to your Courtesy Pay limit rather than rejecting the transactions. GTE Financial authorizes and pays transactions using the available balance in your account. The available balance is comprised of the account ledger balance (collected funds) less any debit card holds, and does not include any deposited funds on hold. If the funds in the available balance are not sufficient to cover a transaction, any available overdraft protection and/or the amount of the Courtesy Pay limit, may be used to authorize and pay a transaction.

GTE Financial will place a hold on your account for any authorized debit card transaction until the transaction settles (usually within two to three business days) or as permitted by payment system rules. In some cases, the hold may differ from the amount of the transaction. When this occurs the hold may remain in place after the transaction settles, but in no case will the hold be in place for longer than three business days. If the account is overdrawn after the hold has been released and the transaction is posted to the available balance, an Overdraft Fee will be assessed. Courtesy Pay requirements and limits are subject to change at any time without notice. Whether your overdrafts will be paid by Courtesy Pay is discretionary and GTE Financial reserves the right not to pay. For example, overdrafts are typically not paid if your account is not in good standing, or you are not making regular deposits. If an item is paid with Courtesy Pay, your account will be overdrawn and negative in the amount of the paid item, plus a Courtesy Pay fee for each item as set forth in the Schedule of Current Charges. More than one overdraft fee may be charged against the account per day depending on the number of items presented, and other withdrawals made from your account. The amount of your overdraft(s) and fee(s) both count towards your Courtesy Pay available balance. If you reach your Courtesy Pay limit, items subsequently presented for payment may be returned as NSF and you will be charged applicable fees.

When Courtesy Pay is used, the full amount of the overdraft balance plus related fees will be due immediately, but in no event more than 20 days after the date of the occurrence, at which time your Courtesy Pay privileges will be suspended and possibly terminated. If we do not receive a full payment from you within 45 days from the date of the occurrence, your checking account will be closed. If full payment is not received within 60 days from the date of the occurrence, your checking account will be forwarded to a collection agency for continued collection efforts and reported to a consumer reporting agency.

This service should not be viewed as an encouragement to overdraw your account. As always, we encourage you to manage your finances responsibly. In the event you would like to opt out of this service at any time, you can do so by calling us at 813-871-2690, or toll free at 888-871-2690. GTE Financial reserves the right to discontinue this service without prior notice.

Transaction Posting Order

To help you avoid overdraft fees, here's how GTE Financial posts member transactions:

- Direct Deposit and ACH transactions are posted in the order in which they are received, with credit transactions (deposits) being posted before debit transactions (withdrawals).
- ATM transactions are posted in real-time when you initiate the transaction. That means that when you make a cash withdrawal from an ATM, those funds are immediately deducted from your account balance at the time of the transaction.
- Debit card transactions are posted in real-time as they are received. Note: A hold is placed on the account immediately for the amount of the transaction.
- Checks (share drafts) that you write are posted in the order that GTE Financial receives them in.

Inactive, Dormant and Abandoned Accounts

An account from which you have not made a withdrawal, deposit, or transfer within the past 6 months may be classified inactive, and dormant after 24 months. Inactive/dormant accounts may be charged the Inactive/Dormant Member Account fee as set forth in the Schedule of Current Charges. GTE retains the right to impose and collect fees not previously assessed. Thereafter, we may cease to pay interest or dividends on dormant accounts unless otherwise required by applicable law. Accounts will continue to incur any monthly maintenance or other applicable fees until closed or terminated. You hereby authorize us to transfer funds from your available account to cover these fees as necessary. If your accounts become dormant and presumed abandoned as provided by the Unclaimed Property Laws, your accounts will be remitted to the state in accordance with state law. Once funds have been turned over to the state, we have no further liability to you for such funds and if you choose to reclaim such funds, you must apply to the appropriate state agency.

Postdated and Staledated Checks

We may pay any check without regard to its date. You agree not to deposit checks or other items before they are properly payable. We are not obligated to pay any check drawn on your account which is presented more than six months past its date.

Returned Deposits & Payments

Please remember that even after we have made funds available to you, and you have withdrawn the funds, you are still responsible for checks you deposit that are returned to us unpaid and for any other problems involving your deposit. If any deposited check is returned unpaid, we may send the check for payment again without returning it to you or notifying you of the nonpayment. We will not be liable for any loss resulting from a delay in notifying you of a dishonored check. If a late return is based on a forged endorsement or alteration, we may place a hold on your account until we make a final determination as to the validity of the claim.

You agree that when GTE Financial authorizes the cashing of a check for you, GTE Financial is authorized to hold that amount in any account or certificate you have with GTE Financial. If any check cashed fails to be paid promptly and is delivered to GTE Financial, you authorize the credit union to pay the amount of the check and to charge your account with the credit union, the amount paid. You agree that the delivery to you of any such unpaid check constitutes a full release and discharge to GTE Financial for the amount withdrawn from your account or added to the credit line.

Right to Offset

As a condition of GTE Financial's opening and your use of any card or account, you hereby grant GTE Financial a security interest in all shares and deposits with GTE Financial in which you have an ownership interest now or hereafter (other than an IRA or an account where this security interest would cause the loss of tax-exempt or tax-deferred status). The security interest is for all amounts owed to GTE Financial under the terms of the account. If you are in default under any term of such account, GTE Financial shall have a right to immediately seize your shares and/or deposits without notice or demand to you and to apply such funds to the amounts owed to GTE Financial.

Termination of Account & Membership

In addition to the other provisions in this agreement, we may terminate your account at any time without notice to you or may require you to close your account and apply for a new account if: (1) there is a change in owners or authorized signers; (2) there has been a forgery or fraud reported or committed involving your account; (3) there is a dispute as to the ownership of the account or of the funds in the account; (4) any checks are lost or stolen; (5) there are excessive returned unpaid items not covered by an overdraft protection plan; (6) there has been any misrepresentation or any other abuse of any of your accounts; or (7) we reasonably deem it necessary to prevent a loss to us. You may terminate a single party account by giving written notice. We reserve the right to require the consent of all account owners to terminate a multiple party account. We are not responsible for payment of any check, withdrawal, or other item after your account is terminated, however, if we pay an item after termination, you agree to reimburse us.

You may terminate your membership by giving us written notice. You may be denied services or expelled for any reason allowed by applicable law, including causing a loss to GTE Financial or for abusive behavior.

Your Ability to Withdraw Funds

We comply with Regulation CC regarding availability of funds on transaction accounts. Longer holds may apply to deposits into savings accounts.

1. Determining the Availability of a Deposit. The day on which you may withdraw funds is counted in business days from the business day of your deposit. Every day is a business day except Saturdays, Sundays, and federal holidays. However, if you make a deposit at an ATM that we own or operate after 3:00 p.m. or on a day we are not open, we will consider that the deposit was made on the next business day we are open. Foreign Check Collections

Foreign check(s) being sent for collection by GTE Financial are subject to the following collection process. Check(s) drawn on financial institutions outside the United States are sent by GTE Financial to a third party processor for collection. GTE Financial receives "provisional" credit for these items from the processor less a \$40.00 fee for processing and other fees deducted from the drawee (foreign) institution. The processing collection fees will be deducted prior to the funds being deposited into your account. Our Funds Availability Policy does not apply to any foreign check. This means it is possible that GTE Financial receives credit for these check(s) before the collection process is complete. The check is not negotiated for actual payment until it reaches the drawee (foreign) institution.

GTE Financial is unable to guarantee or estimate the time it will take to collect these funds as we have NO CONTROL over the response time from the other financial institution. GTE Financial is also unable to guarantee or estimate the time it will take for a foreign item to be returned and charged back to your account.

Warning: The actual amount of final payment to exchange your foreign check is determined based on the exchange rate provided to GTE Financial by a third party processor. Therefore, the exchange rate used to convert our check to US dollars cannot be guaranteed by our third part processor or GTE Financial. The exchange rate used may not be similar to exchange rates published in the newspaper, on the internet, World Market Rates table or any other published source.

NOTIFICATION ALERT/WARNING: There is no pre-determined or regulated time limit on return items drawn on non-U.S. financial institutions. These items could be returned several months after they are provisionally negotiated. The time it takes for a foreign check to be returned to GTE Financial can vary, therefore it may take several months before a foreign check is returned and charged to your account. The member assumes responsibility for any difference in the exchange rate between and the returned check amount.
